

## **Proceedings of the 152 Meeting of the Society of British Neurological Surgeons**

(This meeting is being held on Crowne Plaza Hotel, Nottingham 10<sup>th</sup>–12<sup>th</sup> September and is hosted by the Department of Neurosurgery, Queen's Medical Centre, Nottingham)

### **POSTERS**

#### **Virtual World Neurosurgical Teaching - A viable alternative to limitations imposed by EWTD?**

*B. Roy Chaudhary & K. Gnanalingham (Greater Manchester Neurosciences Centre, Salford Royal Hospital, Manchester, UK)*

#### **How important is a smoking history in the spinal outpatient's consultation? A national questionnaire-based survey**

*R. Bhatia, N. Haliasos & J. A. Akinwunmi (Hurstwood Park Neurosurgical Center, Haywards Heath, West Sussex, UK)*

#### **Revisiting deep venous thromboprophylaxis in neurosurgical patients**

*S. M. Joshi, N. K. K. King, J. Ayres & J. Wadley (Royal London Hospital, London, UK)*

#### **To NSAID or not and if so when?**

*B. Cheserem, A. Solth & D. Kotak (King's College Hospital, London, UK)*

#### **Cerebrospinal fluid leak and/or pseudomeningocele formation after transmeatal retrosigmoid excision of vestibular schwannoma**

*H. El-Maghraby, R. Nourani, R. Quiney, T. Wright & R. Bradford (Royal Free Hospital and Royal National Throat, Nose and Ear Hospital, London, UK)*

#### **Laparoscopic retrieval of migrated catheters as a day-case: Early feasibility report**

*M. Short, G. A. Solanki & G. Jawaheer (Birmingham Children's Hospital, Birmingham, UK)*

#### **Adjustable shunt valve induced MRI artefact: a comparative study**

*A. Toma, A. Tarnaris, J. Grieve, L. Watkins & N. Kitchen (The National Hospital for Neurology and Neurosurgery, London, UK)*

#### **External Ventricular Drain (EVD) Infection Rates**

*C. G. Gavin, J. Ainsworth, J. Henton & L. D. Watkins (The National Hospital for Neurology and Neurosurgery, London, UK)*

#### **Intra-operative 3-Dimensional Ultrasound: positioning of catheters in the microdialysis of gliomas**

*B. Homapour, K. Janczar, K. S. O'Neill, E. J. Want, J. E. Bowen, J. R. Van Dellen & F. Roncaroli (Division of Neuroscience and Mental Health, Imperial Healthcare NHS Trust, Charing Cross Hospital, London, UK and Department of Biochemistry, Imperial College London, UK)*

#### **Spinal cord ependymoma: 5-year institutional experience**

*W. Mohammed, C. Bolger, M. Kelleher, M. Farrell, S. Young & L. Pidgeon (National Centre of Neurosurgery, Beaumont Hospital, Dublin, Ireland)*

#### **Endoscopic treatment of symptomatic benign pineal cyst: Two cases reported**

*S. J. Camp, S. Joshi, A. Chapman & J. Wadley (The Royal London Hospital, London, UK)*

#### **Diagnostic pitfalls in optic chiasm tumours**

*M. C. Sharp, J. A. Clayton, T. Jaspan & M. Cartmill (Queen's Medical Centre, Nottingham, UK)*

#### **Image guided drainage of Cystic Vestibular Schwannomas**

*C. Barrett & A. D. Mendelow (Newcastle General Hospital, Newcastle Upon Tyne, UK)*

**Frontal sinus mucocele presenting as a rare complication of fibrous dysplasia**

*C. Derham, S. Bucur, J. Russel, M. Liddington & P. Chumas (Leeds General Infirmary, Leeds)*

**What influences outcome for neuro-oncology patients?**

*RA Corns, A Amiri & K Ashkan (Kings College Hospital, Denmark Hill, London)*

**Nasoethmoid Schwannomma with intracranial extension**

*K. J. George & R. F. Price (Department of Neurosurgery, North Staffordshire Royal Infirmary, Stoke-on-Trent, UK)*

**Chiari 1 in childhood: detecting those with occult intracranial hypertension**

*J. Caird, P. May & C. Mallucci (Royal Liverpool Childrens Hospital, Liverpool, UK)*

**Light at the end of the Tunnel: Endoscopic versus Microscopic Skull Base Surgery**

*S. J. Smith, G. E. Eralil, G. R. Dow & I. J. Robertson (Queens Medical Centre, Nottingham, UK)*

**Anterior cervical corpectomy using titanium cage and plate system: initial experience**

*S. M. R. Kabir, J. McMullan & J. Bosma (Royal Hallamshire Hospital, Sheffield, UK)*

**Laterality of Lumbar disc prolapse**

*C. Barrett, M. Drozda & P. Mitchell (Newcastle General Hospital, Newcastle Upon Tyne, UK)*

**Dorsally located posterior cranial fossa endodermal cyst**

*N. K. K. King, S. M. Joshi, J. S. Yeh & H. Ellamushi (Royal London Hospital, London, UK)*

**Spontaneous pediculolysis with associated contralateral laminar fracture**

*D. Kombogiorgas, N. Furtado & S. Harland (The Queen Elizabeth Hospital, Birmingham, UK)*

**Titanium cranioplasty construction using craniectomy bone flap as template**

*D. Bhargava, P. Bartlett, J. Russell, M. Liddington, A. K. Tyagi & P. Chumas (Leeds General Infirmary, Leeds, UK)*

**LICOX system and monitoring of severe brain injury, experience from a single institution**

*V. Petrik, J. Kim & G. Critchley (Hurstwood Park Neurological Centre, Haywards Heath, UK)*

**Head Injury Management: Now and Then**

*C. Barrett, J. Pararajasingham & P. J. Crawford. (Newcastle General Hospital, Newcastle Upon Tyne, UK)*

**Penetrating craniofacial injuries through the ages**

*S. J. Camp, S. Joshi, K. A. Andy, G. H. Alusi, A. Elsmore & H. I. Sabin (The Royal London Hospital, London, UK)*

**3D simulation (Dextroscope) for virtual clipping of intracranial aneurysms**

*H. E-Maghraby, M. Awad, R. Kockro & I. Sabin (The Royal London Hospital, Barts and The London NHS Trust, London, UK)*

**An audit of the inadequacy of heparinisation following coiling of cerebral aneurysms**

*E. Fenton, M. Kelleher, L. McEvoy, J. Thornton, P. Brennan & C. Bolger (Beaumont Hospital, Dublin, Ireland)*

**CT negative subarachnoid haemorrhage: how is it managed?**

*R. C. Morris, J. D. Plaut & M. M. Murphy (The Royal Free Hospital, London, UK)*

**Intracranial vascular abnormalities in the paediatric and adolescent population**

*Y. Z. Al-Tamimi, D. Bhargava, L. V. B. Turner, N. J. Pollard, T. Goddard, D. Crimmins, A. K. Tyagi & P. D. Chumas (Leeds General Infirmary, Leeds, UK)*

**Brain Lab CT angiography (CTA) in mapping the Extracranial-Intracranial arteries for STA-MCA and OA-PICA Bypass surgery**

*P. Sayal, K. Lindsley & U. J. Patel (The Royal Hallamshire Hospital, Sheffield, UK)*

**Management of a Dissecting Posterior circulation Aneurysm in Alport's syndrome with Cerebral Revascularisation and endovascular occlusion**

*S. J. Panikkar, S. Bose & U. J. Patel (Royal Hallamshire Hospital, Sheffield, UK)*
